

Dr B. R. AMBEDKAR CENTRAL LIBRARY

JAWAHARLAL NEHRU UNIVERSITY

in collaboration with AuthorCafe

Cordially invites you to a

Workshop on facilitating theses writing with AuthorCafe.com

AuthorCafe is a Knowledge Management Platform that facilitates academia for the creation, collaboration, review, dissemination and the administration of research content such as reports, theses, dissertations and grant proposals. It provides workflows to simplify thesis and dissertation writing, internal and external reviewing and cover all the deliverables to various repositories.

The Presentation will cover:

How writing theses & dissertations can be simplified with AuthorCafe and how it can help with the Electronic Theses & Dissertations (ETD) Life-cycle management.

Key benefits

For Students & Guides-

- Hardware-independent internet-based digital platform.
- Personal digital library space for storing all reference documents, images, citations etc.
- Collaboration features – write & review, comment, track changes – between any numbers of students, guides or others.
- Integration with many global academic platforms like Mendeley, CrossRef, Zotero etc. for automatic integration of citations & content.
- Auto-formatting of Theses to JNU's templates. No need to manually style the content. Huge saving of time and effort.
- Easy import & export from and to multiple formats.
- Integration with JNU's ETD management system could make communication easier with multiple stakeholders and make compliance easier to university's requirements such as submitting periodic updates.
